

We call it The Crosstown Cowboy. Rugged good looks. Leather-lined comfort. Is this town big enough for the both of them? You bet. Mosey from work to watering hole, from coffee to campfire in these dusty, matte brown slip-ons. The exterior squints into the sun, on the lookout for trouble. The inside? Having a cold one at Belle's Saloon while a tinny piano plays. There's a new sheriff in town.

VIBRAM®
